

NAIF FAIZ ALGHAMDI

Communications and Network Engineer | PQCS

Saudi Arabia | +966 56 669 6762 | Naif_fg@yahoo.com

PROFESSIONAL SUMMARY

An accredited engineer with the Saudi Council of Engineers, with extensive experience in project quality control as well as ICT and telecommunications network engineering. Demonstrates advanced proficiency in quality assurance and quality control (QA/QC) processes, including material submittal review in accordance with relevant specifications and standards, vendor prequalification, technical evaluation, Pre-Inspection Meeting coordination, and management of inspection notifications through to final material release. Possesses substantial expertise in network design and implementation, routing and switching, ICT infrastructure, fiber optic systems, network security, and performance monitoring in both enterprise and project environments. Provides effective leadership to on-site technical teams, facilitates seamless project handover and operational continuity, and ensures consistent coordination with vendors, third-party inspection agencies, and clients.

PROFESSIONAL EXPERIENCE

Modern Building Leaders Co. Ltd.

Feb 2024 - Present

Procurement Quality Control Supervisor

- Review vendor prequalification packages, material submittals, and purchase requisitions against project specifications, applicable international standards, and client requirements, and track approval status through to material release.
- Verify that inspection and quality requirements are correctly incorporated into Material Requisitions (MR), and maintain MR and submittal logs to monitor status and turnaround of each package.
- Identify approved suppliers from the Approved Vendor List (AVL) and process qualification of new vendors, reviewing their quality management system documentation and supporting certifications prior to approval.
- Review vendor Inspection and Test Plans (ITP) against project specifications, confirm hold and witness points, and follow up on approval with the consultant.
- Verify vendor inspection personnel qualifications by reviewing submitted inspector CVs and certifications against project requirements ahead of final material inspection.
- Arrange and chair Pre-Inspection Meetings (PIM) with vendors, third-party inspection agencies, and client representatives to align on scope, hold points, and acceptance criteria.
- Issue inspection notifications within the contractually required notification periods for pre-inspection, in-process, and final inspection stages, and coordinate attendance of all parties.
- Review inspection reports and support test certificates and documentation, confirm conformance to approved submittals, and process material release accordingly.
- Coordinate with vendors and consultants to close out Comment Response Sheets (CRS) and inspection findings, expediting resolution to secure approval of critical materials on schedule.
- Report procurement quality compliance status, submittal and inspection progress, and outstanding approvals to management on a regular basis.
- Maintain complete quality records and correspondence through the project document control system, ensuring full traceability and audit readiness in line with ISO 9001:2015.

Shabakkat KSA

Jun 2021 - Oct 2023

Network Engineer

- Executed installation, commissioning, and maintenance activities for communication and network systems across client sites.

- Verified installed materials and workmanship against approved technical standards, project specifications, and client requirements prior to handover.
- Led technical teams to deliver works in line with required technical standards, project schedules, and quality requirements.
- Performed testing and inspection of completed works, documented results, and closed out non-conformances to secure client acceptance.
- Enforced safety measures and ensured compliance with HSE requirements throughout the work area.
- Diagnosed and resolved network faults on site, restoring service and maintaining operational continuity.

Virgin Mobile

May 2019 - Jun 2021

Team Leader

- Coordinated daily team follow-ups to ensure on-time delivery of targets and service commitments.
- Monitored service quality against agreed standards and resolved escalations to sustain a positive customer experience.
- Identified operational issues proactively and drove problem-solving and continuous improvement initiatives.

NetChannel - STC Project

Mar 2015 – Mar 2018

Supervisor — FTTH Fiber Optic.

- Supervised on-site teams delivering fiber optic installation and maintenance for STC customers across the FTTH programme.
- Ensured all works complied with STC technical specifications, quality standards, and safety requirements.
- Coordinated daily field activities, resource allocation, and progress reporting to project management.

CERTIFICATIONS

- BureauVeritas - ISO 9001:2015 Lead Audit.
- Cisco Certified Network Professional Enterprise - (CCNP Enterprise).
- Cisco Certified Specialist - Enterprise Core (ENCOR).
- Cisco Certified Specialist - Enterprise Design (ENSLD).
- eLearnSecurity Junior Penetration Tester - (eJPT).
- CCNA Routing and Switching: Introduction to Networks, Scaling Networks, and Connecting Networks - Cisco Networking Academy, 2019 - 2020

EDUCATION

Applied Engineering College

Jun 2020

Bachelor's degree in applied engineering - Communications and Network Engineering

College of Telecom and Electronics

Dec 2014

Associate degree - Telecommunications Technology

PROFESSIONAL MEMBERSHIP

CERTIFICATE

Certificate of Achievement

Bureau Veritas Certification Holding SAS

Certifies that

NAIF ALGHAMDI

has attended and successfully completed the course
assessment and examination for the

**PR328: QMS ISO 9001:2015 Lead Auditor
Training Course**

Course No. 17929 certified by the CQI and IRCA. This course satisfies
the training requirements for the CQI and IRCA QMS
Auditor Certification Scheme.

Certificate number:
26/SA/1028703/54047

Unique Delegate No:
721828

Course Held on:
June 21 - 25, 2026

At:
Khobar, SAUDI ARABIA

Issue Date:
August 04, 2026

Training Manager
Signed on behalf of BVCH SAS

The Certificate is valid for 5 years for the purpose of Auditor Certification by CQI and IRCA
Further clarification regarding the validity of this certificate, please write to: asma.hagawi@bureauveritas.com
